|  | $\Box$ Serve in the military |                                      |                 |  |  |  |
| □ Attend a 4-year college full-time                                  | □ Other                      |                                      |                 |  |  |  |
| One thing I'd like you to know about me is                           |                              |                                      |                 |  |  |  |
|  |                              |                                      |                 |  |  |  |
|  |                              |                                      |                 |  |  |  |
| One thing that is important to me is                                 |                              |                                      |                 |  |  |  |
|  |                              |                                      |                 |  |  |  |

For each statement choose whether you Strongly Agree, Agree, Somewhat Agree, Somewhat Disagree, Disagree, or Strongly Disagree. There are no correct answers, only opinions. There is no "I don't know" - deal with it!

|   | Agree    |       |          | Disagree |          |          |
|---|----------|-------|----------|----------|----------|----------|
| Statement   | Strongly | Agree | Somewhat | Strongly | Disagree | Somewhat |
| I have a certain amount of math ability<br>and I can't really change it.      |          |       |          |          |          |          |
| My intelligence determines how well I do in math.                             |          |       |          |          |          |          |
| Learning new things in math doesn't change my math ability.                   |          |       |          |          |          |          |
| I can greatly change my ability to do math.                                   |          |       |          |          |          |          |
| How fast I can get a correct answer is a good measure of my math ability.     |          |       |          |          |          |          |
| Completing practice exercises is the best way to learn new math.              |          |       |          |          |          |          |
| Watching the teacher do examples is the best way to learn new math.           |          |       |          |          |          |          |
| Trying a problem I don't know how to solve is the best way to learn new math. |          |       |          |          |          |          |
| Getting an answer on a calculator isn't really doing math.                    |          |       |          |          |          |          |
